# Notes from the Director

I didn't learn to sew until I was in my mid-20s. But once I did, I was hooked. To me, sewing is about exploring the possibilities and creating something new or adapting something that already exists into a

piece with your personal stamp on it. It relaxes me and brings me joy not only when I am working on a project, but also when I am talking with others about sewing.

Our new makerspace, the Collaboratory, invites you to explore your passions and engage in creative projects using our equipment, materials, and supplies.

In addition to sewing machines, we have a CNC machine, an embroidery machine, robotics kits, and so much more. We now have the tools to help anyone with a passion for creating and the space for you to share what you are learning with others.

Summer is the perfect time to come and explore your creativity. You don't have to travel far to have an action packed summer. We made this space for you and can't wait to see how you use it to create, collaborate and inspire.

I look forward to seeing the amazing projects you design!

Kate Hall, Executive Director

# STAFF PICKS

Do you ever feel overwhelmed with reading and viewing choices? Don't fret; our staff is here to help. Here are some suggestions from our Circulation Department clerks, who facilitate the check-out and return process, answer patron questions, and more.

*Twisted Prey*, by John Sandford (#28 in his Lucas Davenport series), is a real page turner, set mainly in the D. C. area and with very timely political themes. What amazes me is how, after so many books about the same character, the author is still able to keep the series fresh and exciting, with a blockbuster climax.

– Vicki O.

I am currently reading *Aru Shah and the End of Time* by Roshani Chokshi. I've only just started it, but I can't wait to read this wonderful middle grade novel that will delve into the huge and incredible world of Hindu mythology set in the same universe as the Percy Jackson series by Rick Riordan! Next I'll be picking up the new novella by Sarah J. Maas, *A Court of Frost and Starlight*!

– Meredith C.

I'm loving the show "Riverdale" and also the Archie Comics reboot that the show is loosely based on.

– Stephanie M.

I just read *Little and Lion* by Brandy Colbert and it's a really moving story about a teenage girl coming to terms with her bisexuality while also handling the emotions that come with being a black American and her brother being diagnosed with bipolar disorder. It's fun, funny, but also very real and honest.

– Keelin M.

Summer can be a time of relaxed transactions at the Bookshop, but be sure to note the upcoming all-day Sidewalk Sale events on Friday, July 6, and Saturday, July 7. As usual, we will coordinate our efforts with those of the Village Sale, but our venue will be at the west entrance of the library and outside. Our first two sales were successful, helped by wonderful weather. Stop by, browse the great selection of bargains and pick up some "pleasure units" (books as well as some audio and video materials for yourself, family, or friends).

Since the inception of our summer sale, we have tried two other out-of-shop sales: Black Friday (and Saturday) Sale after Thanksgiving and the March Madness Sale in the spring. Both were successful. They will be continued.

Shop volunteers are always needed, and we would like to increase the membership of the Board. Please consider one or both.

Our next board meeting is Tuesday, July 10, at 10:00 a.m. in the Civic Room. Join us.
